Narrative

The following responses are from a variety of participants; administrators, community members, consumers, family members, peer support specialists and professionals.

Overall, the presenters received positive feedback from participants. Participants indicated that the most helpful part of the training was: clarification of scoring information; the videos were great to watch and discuss; CAFAS rules.

Information cited as being the least helpful included: too much time was taken for the games; should have been more time to practice testing.

Participants indicated they will use the information provided to: better assess clients using CAFAS.
